**CHUCK E. CHEESE®**

## Why Chuck E. Cheese?

First things first: Safety! The most important thing is that everyone has safe fun!

At Chuck E. Cheese, every group is tagged into our Kid Check system to ensure that everyone who came with the group leaves with the group, and no one else.

Chuck E. Cheese, we're the best at fun! As a premier STEM provider, and host of graduations and more, we are the perfect place for your class, school or youth group!

Every Chuck E. Cheese event is all-inclusive, which means that all you need to do is show up! We take care of food, drink, play, setup and cleanup, and the technical requirements for the packages that need it.

Our spacious restaurant means there's enough room for your event, for dining, and for gaming, and it is accessible for students with various needs.

Call us at 431-9880 or email [events@chuckecheese.com](mailto:events@chuckecheese.com).

## All Games are One Point

No where else offers every game for one point\*.

Unlike other arcades that may require two, three or more points for certain games, at Chuck E. Cheese you play what you pay for!

\*1 point is the equivalent to 1 token or credit

# On The Job

An interactive, “all hands on deck” field trip where kids must work in teams in order to make their very own Chuck E. Cheese pizza!

The kids are separated into groups of 5 and must work together to learn the correct sequence of putting the cheese and ingredients in order to create their delicious masterpieces, and are then invited to the kitchen for a behind the scenes peek into the operations at the restaurant.

They get to see the pizza from creation, to the table and the best part is they get to eat it when they’re done!

- Includes:
- 2 slices 1-topping pizza
- 20 Games
- Drink with unlimited refills

| Cost per Child | Suggested Ages | Min. Group Size | Max. Group Size | Activity Duration |
|----------------|----------------|-----------------|-----------------|-------------------|
| \$100          | All Ages       | 10              | None            | 30-45 min         |

# Animation Station

Kids embark on an exciting filmmaking journey during this field trip. They develop stories and create short films with props provided, and bring them to life using iPads and Stop Motion techniques. This fosters creativity, teaches filmmaking skills, encourages collaboration, and introduces them to technology.

The session ends with the kids enjoying the screening of their own movies.

Students preparing for the SEA exam can benefit from this program, specifically designed to enhance their creative writing skills for the exam's narrative aspect.

During the program, students will use these materials to create their own Stop Motion movies, adding a dynamic and engaging dimension to their storytelling abilities.

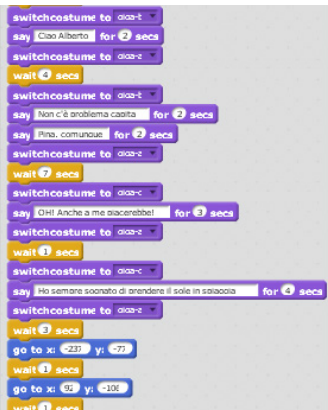

Includes:  
 2 slices 1-topping pizza  
 20 Games  
 Drink with unlimited refills

| Cost per Child | Suggested Ages | Min. Group Size | Max. Group Size | Activity Duration |
|----------------|----------------|-----------------|-----------------|-------------------|
| \$100          | All Ages       | 20              | 100             | 45-60 min         |

# Game Maker

During this interactive workshop, participants will delve into the craft of game creation using Scratch. This hands-on session serves as a gateway to coding techniques for characters and objects, cultivating essential skills in sequencing, game development, and project planning.

Engage in a dynamic learning experience that not only equips you with the fundamentals of game design but also encourages creativity and strategic thinking. Join us in this exciting journey where you not only play games but become the mastermind behind their creation.

Includes:  
 2 slices 1-topping pizza  
 20 Games  
 Drink with unlimited refills

| Cost per Child | Suggested Ages                   | Min. Group Size | Max. Group Size | Activity Duration |
|----------------|----------------------------------|-----------------|-----------------|-------------------|
| \$100          | Lv 1: Std. 1-5<br>Lv 2: Form 1-3 | 20              | 75              | 60-75 min         |

# Robo-Builder

In this hands-on activity, students engage in the creation of Milo the Science Rover, delving into the applications of Science and Technology in shaping our lifestyles. Working collaboratively, they construct Milo and utilize block programming for its functionalities.

Students will unite to tackle a coding challenge, fostering teamwork and enhancing their coding skills.

Includes:  
2 slices 1-topping pizza  
20 Games  
Drink with unlimited refills

| Cost per Child | Suggested Ages | Min. Group Size | Max. Group Size | Activity Duration |
|----------------|----------------|-----------------|-----------------|-------------------|
| \$100          | Std. 2-5       | 20              | 75              | 60 min            |

# The Bionic Arm

In this STEM-focused project tailored for kids, participants will immerse themselves in the world of science, technology, engineering, and mathematics (STEM) by creating a LEGO® representation that illustrates the importance of technology to enhance the quality of life for people.

Includes:  
2 slices 1-topping pizza  
20 Games  
Drink with unlimited refills

| Cost per Child | Suggested Ages | Min. Group Size | Max. Group Size | Activity Duration |
|----------------|----------------|-----------------|-----------------|-------------------|
| \$100          | Std. 2-5       | 20              | 75              | 60 min            |

# Group Visits

Bring the kids for some fun at Chuck E. Cheese with a group visit and enjoy pizza, unlimited drinks, and games for everyone!

Be it a youth group, school class, or a group of friends, all are welcome to Chuck E. Cheese!

Includes:  
 2 slices 1-topping pizza  
 20 Games  
 Drink with unlimited refills

| Cost per Child | Suggested Ages | Min. Group Size | Max. Group Size | Games Included |
|----------------|----------------|-----------------|-----------------|----------------|
| \$90           | All Ages       | 10              | None            | 20 Games       |

# Graduations

Reward your students for making the next step in their academic journey!

## Scholar Package

- 2 Slices of 1-topping pizza
- Drink with unlimited refills
- 25 Games
- Use of Chuck E. Multimedia System

| Cost per Child | Suggested Ages | Min. Group Size | Max. Group Size | Games Included |
|----------------|----------------|-----------------|-----------------|----------------|
| \$150          | All Ages       | 10              | None            | 25 Games       |

## Genius Package

- 2 Slices of 1-topping pizza
- Collectible Cup with unlimited refills
- 30 Games
- Ice Cream
- Use of Chuck E. Multimedia System
- Custom Screen Background

| Cost per Child | Suggested Ages | Min. Group Size | Max. Group Size | Games Included |
|----------------|----------------|-----------------|-----------------|----------------|
| \$200          | All Ages       | 10              | None            | 30 Games       |

# Upgrades & Add-Ons

Make your days even more fun with these special add-ons and upgrades!

## **1 Hour Unlimited Play: \$70 per child**

Add more fun by upgrading your points to 1 Hour of All You Can Play for unlimited gaming.

## **Goodie Bags: \$50 per child**

Add party bags to your visits, graduation or class parties for that extra pizzazz.

## **Nuggets & Fries: \$20 per child**

Replace pizza with nuggets and fries.

## **Ice Cream: \$20 per child**

Keep cool by adding a cup of delicious ice cream to any package.

## **Movie Upgrade: \$250**

Upgrade the group visit! You can bring or email a film and we'll play it on our jumbo screen and surround sound system! Learn and play, or keep it strictly fun!\*

\*Movie upgrades are only available for 9am or 10am bookings. Movies must be age appropriate and are to be provided .
